Public Call for the Identification of Investors

In parallel with executing Article 1 of the Law on sustainable revenue and costs of municipalities and in line with targeted investment and participation as well as benefiting from the facilities, capacities and capabilities of respected investors to realize urban development and civil plans, Tabriz Municipality intends to identify qualified investors in the forms of following investment axes:

- Entertainment, welfare, tourism
- Transportation and traffic
- Worn-out texture regeneration
- Knowledge-based ideas, designs and products
- Historical houses exploitation
- Renewable energy development
- Waste management and municipal services
- Advertising, cultural and sports
- Residential, service and exhibition

Accordingly, all interested natural and legal investors are kindly invited to complete and submit their proposals in the form of axes and investment opportunities listed on the website at:

tis2024.com

before 08 July 2024 within the framework of the determined forms along with the relevant resume.

The call is only to identify and announce the readiness of honorable investors and does not obligate either party to enter into further contracts and agreements.
